To the Warden and Council of the County of Peel.

Your Committee of Peel-Halton Local Government Review begs to re-report as follows:

A meeting of this Committee was held January 31, 1967, with the following present: Allan, Berney, Brydon, Byrne, Clark, Hunter, Martin, Murray, Rutherford, Speck.

2. The following resolution was passed by the Committee:

> "That this Committee be authorized to investigate the advisability and possibility of retaining present municipal boundaries within

the County of Peel, and further, to investigate the forming of a metropolitan type of government over the County with added responsibilities beyond those presently carried out by County Council, on the understanding that if such a form of government was established, it be reviewed at the end of five years."

We recommend approval of this resolution.

Adopted February 16, 1967.

of the First Part

— AND —

NURSES' ASSOCIATION, PEEL COUNTY HEALTH UNIT
(hereinafter referred to as "the Association")
of the Second Part

Article 1—RECOGNITION:

1.01 The Board recognizes the Association as the sole collective bargaining agent for all registered and graduate nurses employed by its Peel County Health Unit, save and except Assistant Supervisors of Nurses and persons above the rank of Assistant Supervisor of Nurses, in accordance with the Certification of March 25, 1966.

Article 2—MANAGEMENT RIGHTS:

2.01 The management of the Board's operations, and the selection and direction of all nurses shall continue to be exclusively vested with the Board except where abridged by the terms of this Agreement.

Article 3—RELATIONSHIP:

3.01 Neither party to this Agreement nor representatives of the parties shall discriminate against any nurse because of the nurse's participation in, or lack of participation in the Association.

3.02 The Association shall not solicit membership or hold meetings during the working hours of nurses, except with the consent of the Medical Officer of Health or his designate. Such consent shall not be unreasonably withheld.

Article 4—CHECK-OFF OF ASSOCIATION DUES:

4.01 Nurses who wish to have Association dues deducted from their pay, and who have completed the probationary period of employment, may sign the Check-off form, the terms of which are in Schedule 2 of this Agreement.

4.02 Upon receipt of the fully executed check-off form from an individual nurse, the Board shall commence on the following pay period, to deduct the Association dues and forward the monies to the Treasurer of the Association within two (2) weeks following deduction.

4.03 Any nurse may revoke this authorization to have dues deducted during the last two weeks before the expiry date of this Agreement.

4.04 The Association shall save the Board harmless from any and all claims for amounts deducted from nurses' pay in accordance with the terms of this Article.

Article 5—NO STRIKES OR LOCKOUTS:

5.01 During the term of this Agreement, the Board shall not lock out nurses and the Association shall not declare, authorize, support, counsel, encourage or condone a strike or other slowdown or stoppage of work.

The Board shall recognize the Committee when notified of the names of the members and shall meet with the Committee, when necessary, for purposes of negotiation or administration of the terms of this Agreement.

6.02 Committee members shall not leave their regular duties for the purposes of conducting any business on behalf of the Association, or in connection with this Agreement, without first obtaining the permission of the Medical Officer of Health or his designate. Committee members in return for observing the terms of this Article, shall not suffer any reduction in regular earnings.

6.03 Should either party to this Agreement desire a general meeting, then representatives of each party shall meet at a mutually convenient time to discuss the issues at hand. The Board may send whatever delegates it so desires and the Association, due to its affiliation with the Registered Nurses Association of Ontario, may be accompanied by delegates of the Registered Nurses Association of Ontario. When a request is made to hold a general meeting, an agenda of issues to be discussed shall be presented with the request for a meeting. Such requests for general meetings shall not be made more than every two (2) consecutive calendar months.

Article 7—GRIEVANCE PROCEDURE:

7.01 Nothing in this Agreement shall prevent a nurse from discussing a problem or complaint with management without recourse to the formal grievance procedure.

7.02 The Board may refuse to consider a grievance, the circumstances of which occurred more than ten (10) days of work before it was initially presented as a grievance.

7.03 If a nurse has a complaint involving any matter within the terms of this Agreement, the matter may be taken up verbally with the Supervisor of Nursing.

7.04 In all steps of this grievance procedure, an aggrieved nurse, if desired, may be accompanied by, or represented by her nurse representative.

7.05 The formal grievance procedure shall be as follows:

Step 1: If the verbal discussion with the Supervisor of Nursing is not satisfactory to the nurse concerned, then the grievance shall be reduced to writing, dated and signed, and presented to the Medical Officer of Health or his designate. Within five (5) days of work following receipt of the grievance, the Medical Officer of Health or his designate shall give a written reply.

Step 2: If the reply at Step #1 is not satisfactory to the nurse concerned, the grievance may, within five (5) days of work following the said reply be referred to the Secretary-Treasurer of the Board, or his designate. Within five (5) days of work after a grievance has been referred to him, the Secretary-Treasurer, or his designate, will meet with the Association Committee to discuss the grievance. At this meeting a representative of the Registered Nurses' Association of Ontario may attend, if either party requests. A written reply to the grievance will be given within ten (10) days of work after this meeting has been held.

7.06 If a grievance involves the discharge of a nurse, then reasons for discharge shall be given in writing. Such a grievance shall proceed directly to Step No. 2 of the grievance procedure and must be presented in writing, dated and signed, within five (5) days of work following discharge. Discharge grievances may be settled by confirming the Board's action or any other arrangement which is satisfactory in the opinion of the parties.

7.07 If the Board has a grievance concerning the conduct of the Association, or any of its representatives, then this grievance shall be reduced to writing, dated and signed, and presented at Step #2 of the grievance procedure, within ten (10) days of work after the circumstances causing the grievance.

7.08 If a grievance is to be referred to arbitration by either party, it shall be so referred within ten (10) days after the reply at Step #2.

7.09 Any of the time allowances provided above may be extended by mutual agreement between the parties.

Article 8—ARBITRATION:

8.01 Any arbitration proceedings shall be in accordance with the Labour Relations Act of the Province of Ontario.

8.02 Each party to this Agreement will pay the expenses of its nominee to the Board of Arbitration and will share equally the expenses of the Chairman.

Article 9—TENURE:

9.01 A nurse shall be on probation until such time as she completes three (3) full months of work with the Health Unit. A nurse on probation shall have no rights under this Agreement and no grievance shall be submitted concerning the termination of employment, disciplining or lay-off of a nurse on probation. On completion of this period of probation, a nurse's tenure will date back to her last date of hiring.

9.02 Tenure shall be the length of service of a nurse in the Health Unit dating from her last date of employment. A tenure list showing the individual nurse's tenure will be supplied to the Association in January of each year.

9.03 Decisions by the Board involving the promotion or demotion (i.e. increase or decrease in salary) of a nurse, shall be based on a nurse's qualifications, performance, ability and experience, and when these factors are approximately equal, then tenure with the Board shall be the deciding factor.

9.04 In all cases of lay-off due to lack of work or recall following lay-off, the Nurse with the greatest amount of tenure will be retained or re-called, whichever is applicable, provided that the Board can maintain a fully qualified work force to perform the available work.

9.05 Tenure previously accumulated will be lost and the nurse ceases to be an employee of the Board when she:

(a) quits her employment;
(b) is discharged and not reinstated;
(c) is absent from work for three (3) consecutive days without an explanation satisfactory to the Board;
(d) is off work for any reason for a period of one (1) year;
(e) overstays any leave of absence granted by the Board.

9.06 A nurse who is absent due to illness shall retain, but not accumulate tenure for a period of one (1) calendar year after sick leave credits have been used up.

Article 10—BULLETIN BOARDS:

10.01 The Association shall be allowed to use the bulletin boards at each office of the Board for the posting of desired literature, provided such material has first been authorized by the Medical Officer of Health, or his designate.

10.02 The Board shall post a copy of this Agreement on each office bulletin board.

Article 11—LEAVE OF ABSENCE:

11.01 The Board may grant leave of absence to individuals (upon written application) for legitimate personal reasons. Such leave shall be unpaid, and tenure and illness allowance credits shall be retained, but not accumulated. Leave to attend Association conventions shall be considered legitimate personal reasons, but no more than two (2) nurses may leave at once, and maximum time off shall be ten (10) days per year.

11.02 Leave of absence without pay or accumulation of tenure, shall be granted for pregnancy. Such leave must be taken not later than the end of the eighth month of pregnancy and the leave shall not total more than eight (8) months. The Board may permanently fill the nurse's position during such leave but the nurse on leave may, at the discretion of the Board, be given first opportunity to return to a position for which she is qualified in accordance with her tenure and the available work.

11.03 In the event of the death of a nurse's spouse, father, mother, brother, sister or child, the Board shall grant up to three (3) days' leave of absence with pay for the purpose of making arrangements for, and attending the funeral. Death of a mother-, father-, sister-, or brother-in-law shall result in leave of one (1) day with pay for the purpose of attending the funeral.

Pay shall be at the Nurse's regular rate and only that time which would have been normally worked shall be paid for.

11.04 If a nurse is required to serve jury duty, the Board will pay full wages at her regular rates, provided she turns over to the Board all monies received for jury duty, and provided that the nurse reports for work when not required for jury duty.

Article 12—ILLNESS ALLOWANCE:

12.01 Full-time nurses will accumulate illness allowance credits at the rate of one and one-half (1½) days for each full month of employment. Regular part-time nurses will accumulate illness allowance credits on a basis proportionate to their working time. Casual and temporary nurses shall not accumulate illness allowance credits. There shall be no limit to the amount of illness allowance credits a nurse may accumulate.

12.02 When a nurse is absent due to illness, the days absent shall be deducted from the accumulated illness allowance credits. If the credits of a nurse become exhausted during an illness, remuneration, which shall be at regular rates, shall cease.

12.03 The Board reserves the right to ascertain the validity of claims made under this leave for illness plan. Employees may be required to substantiate any absence for illness claim by the submission of the attending Physician's certificate of illness.

12.04 Absence due to an accident which is payable under the Workmen's Compensation Act, or leave for pregnancy, shall not be deducted from accumulated sick leave credits, nor shall any sick leave pay be paid where an employee received benefits from the Workmen's Compensation Board, is on vacation, or is on leave of absence for any reason.

12.05 Sick leave credits due to an employee shall be payable only at retirement at the normal retirement age, or

(a) when an employee with twenty (20) years or more of full service voluntarily terminates employment, or

(b) in the event of death of the employee prior to retirement, to the beneficiary.

The cash surrender value in these circumstances shall be that amount of wages or salary equal to one-half (½) the number of sick leave credits accumulated. In any event, this cash surrender value shall not exceed one-half (½) year's earnings at the rate received by the employee immediately prior to qualifying for a cash surrender value.

Article 13—HOURS OF WORK:

13.01 The Board does not guarantee any hours of work. The regular work week shall consist of thirty-five (35) hours per week to be worked in not more than five (5) days of regular daily working hours of seven (7) hours each. The regular days of work shall be Monday to Friday inclusive, and the present practice regarding starting and quitting times shall be maintained.

13.02 Should Nurses be requested to work in excess of the regular hours above, or to work in emergencies, they shall do so. When such excess or emergency work is performed, the nurse involved shall be granted equivalent compensating time off when operating requirements permit. Such compensating time off must occur within sixty (60) days of work after the excess work is performed.

Article 14—VACATIONS WITH PAY:

14.01 Vacations with pay shall be granted to full-time nurses in accordance with the following schedule:

(a) Less than one (1) year of continuous tenure—one and one-quarter (1¼) day for each full month;
(b) One (1) year to Seven (7) years of continuous tenure—three (3) weeks;
(c) Over Seven (7) years of continuous tenure—four (4) weeks.

14.02 Regular part-time nurses shall be granted vacations with pay on the basis of the above schedule on a proportionate scale to time worked.

14.03 Casual and temporary nurses shall be paid vacation pay in accordance with the Hours of Work and Vacations with Pay Act and Regulations made thereunder of the Province of Ontario.

14.04 For purposes of computing eligibility for vacations with pay, the date of May 31st shall be the cut-off date.

14.05 The selection of vacation periods will, where practical, be granted on the basis of tenure. A vacation list shall be finalized by May 31st and any changes to this list must be made with the approval of the Medical Officer of Health or his designate. Nurses shall be informed of their vacation periods by April 15th. The Board shall determine the number of nurses who will be on vacation at any one time.

14.06 Vacation pay shall be paid at the beginning of a vacation period. Vacations shall not be cumulative from year to year and nurses shall not omit vacations and draw pay in lieu thereof.

14.07 If a nurse's employment is terminated for any reason, payment on a proportionate basis to vacations entitled to, but not taken, will be paid at such termination.

6. The Engineer presented the proposed by-law consolidating and changing present by-laws regulating stopping, standing and parking on County Roads. The Committee recommends that the by-law be again referred to County Council for a decision.

7. In compliance with County Council resolution No. 67-11, the Engineer presented a report on a policy regarding pedestrian walk signals on County Roads. We recommend that the report and the recommendations contained therein be adopted.

To the Members of the County of Peel Road Committee:

REPORT ON A POLICY REGARDING PEDESTRIAN WALK SIGNALS ON COUNTY ROADS

Gentlemen:

On January 19th, 1967, County Council passed resolution number 67-11 which reads as follows:

"That the Good Roads Committee be instructed to formulate a policy regarding pedestrian walk signals on County Roads, said policy to be submitted to Council for consideration."

Section B2.02.02 of the Manual of Uniform Traffic Control Devices for Canada entitled Pedestrian Warrants, reads as follows:

"The installation of traffic control signals, whether at an intersection or at a mid-block location, will be warranted when every one of the following conditions is satisfied:

(a) Pedestrians on an average must wait in excess of 60 seconds before being able to cross the main street in safety;

(b) The number of pedestrians wishing to cross is at least 60 per hour;

(c) The conditions specified in (a) and (b) exist for any four not necessarily continuous hours of a normal day;

(d) The intersection or other location is suitable for signalization;

(e) The nearest existing or proposed signal installation is more than 1,000 feet away.

The existing delay occasioned to pedestrians should be determined by a study at the location in question."

This study is outlined in section B2.01.01 entitled Pedestrian Delay Study and reads as follows:

"The length of time each pedestrian or group of pedestrians must wait before being able to make the appropriate crossing in complete safety and without undue haste should be determined. This may be done by using a stop watch to measure the intervals between the arrival and the departure of each person or group over a one-hour period. These times should then be averaged to give the delay in seconds. The total number of pedestrians making the crossing should also be noted. A pedestrian delay study taken in this way will indicate the use of the crossing and will be self-compensating for such variables as the presence of school children, old or disabled persons, poor visibility, excessive vehicle speeds and artificial crossing gaps created by nearby signals."

It is the recommendation of this Department that the policy regarding pedestrian walk signals on County Roads should be as follows:

If a proposed pedestrian crossing on a County Road is studied as per section B2.01.01 of the Manual of Uniform Traffic Control Devices for Canada, and the said crossing meets all the warrants as outlined in section B2.02.02 of the same manual, then consideration should be given to the installation of signals at that particular location.

The question of who should bear the cost of these installations is a policy decision and must be made by the Committee not by this Department. However, we are able to offer the following information.

In the case of school cross-walks, the County bears the cost of painting the cross-walk and doing the necessary signing, while the local municipality bears the cost of the crossing guard. The County bears the cost of traffic signals at the intersection of two roads. The local municipality bears the cost of all sidewalks constructed on County Roads.

Respectfully submitted,
R. W. Knight, P.Eng.,
County Engineer.

In Committee of the Whole:
Amendment to Clause 7:
Moved by C. M. Murray:

Resolved that all pedestrian traffic lights on County Roads be paid for and maintained by the County.

Carried.

8. The following resolution was passed by your Committee;

"Be it resolved that all members of County Council be authorized to attend the Ontario Good Roads Convention on Tuesday and Wednesday, February 21 and 22, as delegates with approved expenses paid."

We recommend the approval of this resolution.

Adopted February 16, 1967.

R. W. SPECK, Chairman.	C. CLARK, Warden.

PEEL COUNTY HEALTH UNIT
RE: NEW TUBERCULOSIS CLINIC
36 QUEEN STREET EAST

April 7, 1967.

Tuberculosis Control has been a program of the Peel County Health Unit since its inception. Clinics were held at the Peel Memorial Hospital until this year. Owing to the difficulty in getting clinic space and adequate numbers of x-rays at the hospital, it was decided to provide a separate unit in which both x-ray taking and clinic services could be available.

The Tuberculosis and Health Association since 1947 (according to old Annual reports) has been subsidizing the cost for this mandatory program in so far as films, furnishings and supplies and some equipment, publicity, and a clinician's time are concerned. This participation has been in contravention of the Sanatoria for Consumptives Act which provides that all cost shall be paid by the political jurisdiction for which the Medical Officer of Health is appointed. This state of affairs has allowed the voluntary agency to feel that this program is their own.

That this is not true is evident in that grants for Personnel were refused until the Board of Health passed a resolution establishing this clinic (albeit jointly). It is essential that the Health Unit not delegate legal responsibility to the Voluntary agency. In support of this I refer you to the white paper on Tuberculosis control tabled in the Ontario legislature this year, which relegates the Voluntary agency participation to publicity and informational services only.

Documentation of the steps taken in establishing the new chest clinic is appended.

Yours respectfully,
"H. J. Lambert," M.D., D.P.H.
Director.

BOARD OF HEALTH RE T. B. CLINIC ORGANIZATION

As per request of County Council, March 21, 1967, the following is an outline of the steps taken in regard to the inauguration of the new Chest Clinic.

March 8, 1966. The Medical Officer of Health (Allan) was authorized to apply for the necessary grants to establish a Tuberculosis Clinic.

April 5, 1966. The Medical Officer was authorized to proceed with the establishment of the Tuberculosis Clinic.

Sept. 13, 1966. The Medical Officer reported that the establishment of the Clinic had received approval under Federal Grants.

Dec. 6, 1966. Acting Medical Officer (Khanna) was authorized to apply for Federal Grants covering one Registered Nurse x-ray operator for the newly established Clinic.

Jan. 10, 1967. The Medical Officer (Lambert) reported that the grant had been turned down in regard to the Nurse x-ray operator and he was instructed to seek withdrawal from participation in the Clinic formulation.

Feb. 7, 1967. The Medical Officer asked the Board of Health to withdraw its motion seeking withdrawal from the Health Unit's participation as a result of a meeting with the agencies involved and on the grounds of a statement made by the Peel County Tuberculosis and Health Association that they were unable to provide personnel to staff the clinic and that housing had been rented, equipment purchased and x-ray machine in the process of installation on the original basis of the Health Unit's participation. The Board of Health then passed another resolution establishing a Tuberculosis Clinic in cooperation with the Peel County Tuberculosis and Health Association. The Medical Officer was instructed to work out the details of an agreement with this agency. Attached is a copy of the terms of this agreement between the two agencies. Application is being made for Federal Grants on the basis of this resolution and the agreement and is included in our present request for Project Amendment Allocation.

The Medical Officer is relocating his Tuberculosis control office in the new Clinic. He will continue to use for the time being the South Peel Hospital x-ray department services for the screening of food handlers and other special groups in the South end; the cost being borne by the Tuberculosis and Health Association as heretofore. The Port Credit monthly Tuberculosis Clinic will continue to be staffed as in the past until such time as it becomes evident that one certralized clinic is sufficient to meet the needs of the County.

The Sanatoria for Consumptive Act gives authority to the Medical Officer to require any person residing in Peel to submit to examination for Tuberculosis and such expenses incurred by him shall be paid by the jurisdiction for which he is appointed. In this connection, the Board of Health is empowered by the Public Health Act to establish, maintain and operate Tuberculosis control clinics and services. The Medical Officer is responsible for the operation of such Clinics and services so established.

MAY REPORT OF THE BOARD OF HEALTH COMMITTEE

To the Warden and Council of the County of Peel.

Your Board of Health begs to report as follows:

The regular monthly meeting of this Board was held May 9, 1967, with the following present: Blair, Clark, Graham, Hunter, McCauley, McMillan, McCulloch.

1. We recommend approval for payment accounts listed on the attached pay sheet totalling $26,293.60.
2. We are in receipt of a letter from County Council re T. B. Clinic. Attached is a report prepared by the Medical Officer for the information of Council.

Board of Health,
Peel County

RE: T. B. CLINIC

Members of the Board:

As per requests of the Peel County Council:

"(a) Is it possible to cancel the Tuberculosis Clinic in Brampton and if it is not possible, why not? It is possible to cancel the Tuberculosis Clinic but in the light of my letter of May 4th to the Chairman of the Board, in which I set out the agreed upon role of the four participating agencies, it would not be seemly or reasonable to cancel this joint effort for the control of tuberculosis in Peel County since large sums of money have already been spent by the other agencies in response to the Health Unit's agreement to set up this clinic.

"(b) If the T. B. Clinic in Brampton is the legal way of operating such a Clinic, is the Clinic in South Peel illegal?" The Public Health Act and Sanitorium for Consumptives Act provide the authority for the Medical Officer of Health and the Board of Health to establish, staff and operate clinics for the control of Tuberculosis.

The clinic held in South Peel (Clark Hall) was established by agreement between the Gage Institute, Toronto and the Medical Officer of Health and Peel County. Similarly the Brampton Clinic is the offspring of a group venture.

The Board of Health may make such amicable agreements as are necessary to provide this service, but this does not mean the Board of Health may designate its authority or responsibility to another agency.

Therefore to the best of my knowledge, both clinics are legal operations, but this could be clarified with the County Solicitor.

Yours truly,
"H. J. Lambert", M.D., D.P.H.,
Medical Officer of Health.

Mr. A. J. McCauley,
Chairman,
Board of Health,
Peel County.

RE: PEEL COUNTY CHEST CLINIC

Dear Sir:

In reply to your request for additional information about our tuberculosis control program, I have set out the following facts:—

A. Peel County Health Unit Activity (includes personnel, equipment, furnishings and supplies).

(1) Screening Clinic—Special Groups, (as required by statute) Hairdressers, barbers, food handlers, school personnel and institutional workers. (x-rays presently are taken at the South Peel Hospital and the Brampton Clinic.) Use of the South Peel Hospital will continue only until this service is centralized in Brampton.

by Tuberculin testing—Contacts of tuberculosis cases, school pupils, and others designated for survey purposes.

(2) Diagnostic Clinic—Physician present at Brampton Clinic but not at Port Credit Clinic, (Clark Hall). This latter Clinic will be discontinued as soon as adequate public transportation to Brampton Clinic is available. Referrals of positive reactors are accepted from screening clinics.

(3) Home Visitation—Follow-up of post san cases, contacts, persons with Federal or Provincial surveillance orders, and families of cases of tuberculosis.

(4) Pre-employment Chest X-rays—Recently added program with establishment of new clinic.

B. Provincial Department of Health participation provided; X-ray equipment and grants for personnel for Brampton Clinic; Industrial survey every two years with referral to our clinic.

C. The Gage Institute Activity (National Tuberculosis Association): Personnel from this voluntary agency processes our exposed X-ray films, reads them, and reports the findings to the Medical Officer of Health. A physician is supplied from this organization to staff the monthly clinic in Brampton, where those infected with or suspected of having tuberculosis undergo a more definite examination.

D. Peel County Tuberculosis and Health Association Activity:
—Publicity and literature dissemination
—Provision of Clinic space with some furnishings and small equipment; also film for pre-employment X-rays.

Yours respectfully,
"H. J. Lambert", M.D., D.P.H.,
Medical Officer of Health

3. We are in receipt of a letter from County Council re Nursing Service in Schools. Attached is a report prepared by the Medical Officer for the information of Council.

Yours truly,
"H. J. Lambert", M.D., D.P.H.,

4. The Medical Officer reported on the Canadian Public Health Association Convention in Ottawa, and thanked the Board for delegating him to attend.

5. The Chairman presented a letter from Mrs. Mary S. Bannerman, Public Health Nurse, tendering her resignation and pointing out that she would be unable to return to the Health Unit as a Nursing Supervisor at a yearly salary of $6,200.00.

The Medical Officer reported that Miss Jean Thomson, Public Health Nurse, who should be returning to the Health Unit on completion of her course as a Nursing Supervisor, was in the same position as Mrs. Bannerman. The following resolution was passed by the Board.

> "That the Chief Supervisor of Nursing and two Nursing Supervisors be granted two increments above their present salary, effective January 1, 1967, and that Miss Jean Thompson and Mrs. Mary Bannerman be granted two increments above the minimum salary for Nursing Supervisors in the approved Salary Schedule."

That Miss Jean Thomson and Mrs. Mary S. Bannerman be granted two increments above the minimum salary for Nursing Supervisors in the approved Salary Schedule, subject to approval of the Co-ordinator.

Carried.

6. The Medical Officer presented a report re Private Sewage Disposal Systems serving industries. The following resolution was passed by the Board.

> "That in respect to the use of Septic Tank Sewage Disposal Systems for industrial purposes only, this Board adopt the new standards issued by the Provincial Department of Health throughout the County, and that the Sanitation Staff be instructed through the Medical Officer of

Health to use same until otherwise directed by the Board.

Further, that the Chart demonstrating the standards, or a copy of same, be attached to this motion and remain with the records of the Board."

We recommend approval of this resolution.

To Dr. H. J. Lambert from Mr. C. G. Clark

RE: PRIVATE SEWAGE DISPOSAL SYSTEMS SERVING INDUSTRIES

The Provincial Department of Health recommends that soil with a percolation rate of over sixty minutes is unsuitable for subsurface absorption (tile disposal beds).

Clay soil is encountered in the majority of the area from the Burnhamthorpe Road north to the Caledon Hills and generally exhibits a percolation rate of over sixty minutes. We have found however, that if sufficiently large sewage disposal facilities can be installed in the absence of a high water table, shale, etc., private sewage disposal systems will function properly where dry industries are concerned due to the limited amount of water used.

The Health Unit has requested that the Province review their recommended standards and establish a set of guide-lines for industrial development in Peel County.

The letter from Mr. W. M. Walkinshaw, Environmental Health Branch, Provincial Department of Health, dated May 1, 1967 outlines this proposed policy.

In view of the fact that this policy will be peculiar to Peel County, the Board of Health's endorsement is requested.

"C. Clark"

Dr. H. J. Lambert,
Medical Officer of Health and Director,
Peel County Health Unit,
16 Lynch Street,
Brampton, Ontario.

Dear Doctor Lambert:

Upon your request, the Public Health Engineering Service on April 27, 1967 investigated the present practice of installing subsurface disposal beds for sanitary wastes in industry. The investigation was restricted to dry industry zones within your County, and to soils reported to have a percolation in excess of sixty minutes per inch.

For dry industries, in Peel County, where clay series Peel, or clay loam series Chinguacousy, or clay loam series Oneida are found, we would recommend the following:

1. The Department of Health publication "Septic Tank Systems" should be adopted as the basis of good practice.
2. Septic tank and tile beds installed in soils with a percolation rate of over sixty minutes per inch are speculative systems because their performance has not been scientifically documented.
3. For speculative systems, as was done in North York Township, and as was proposed by Dr. J. H. Winneberger, University of California, for The Santos Ranch Development, Alameda County, California, a new formula for sizing the tile beds could be used as a guide. This formula is shown in the form of a graph called "Size of Tile Beds in Clay Soil for Sanitary Wastes in Industry".
4. For speculative systems an additional area equal in size, as determined from the attached graph, has to be set aside for the tile bed extension. The tile bed must be increased when the industry increases the number of employees who use the washroom facilities, or when the tile bed fails.

The Public Health Engineering Service would be pleased to assist you in examining any proposed plans or carry out site investigations for subsurface disposal of toilet wastes from industries.

Yours very truly,

"W. M. Walkinshaw",
Chief, Public Health Engineering Service,
Environmental Health Branch.

7. Three Sewage Connections in the Township of Toronto were approved under the Public Health Act.

8. The Medical Officer reported that the Chief Supervisor of Nurses would be attending a Medical Health Conference in Kingston in May, 1967.

JULY REPORT OF THE GOOD ROADS COMMITTEE

To the Warden and Council of the County of Peel:

Your Committee on Good Roads begs to report as follows:

1. We are in receipt of a letter from the Township of Chinguacousy stating that the Department of Highways is not prepared to extend the special rate of subsidy to cover the construction of the Terra Cotta Road to County standards. We recommend that the work proceed at an additional cost to the County of approximately $5,000.00.

2. We are in receipt of a letter from the Canadian National Railways requesting approval of Plan SD .3347C at Cawthra Road crossing. We recommend that this be approved.

3. We are in receipt of a letter from Mr. P. L. Easterbrook, P. Eng. Assistant County Engineer, giving his resignation with effect from August 4th, 1967. We recommend that this resignation be accepted and the County Engineer be authorized to advertise for another Engineer.

4. We are in receipt of a letter from the Department of Highways regarding County By-law 1983, proposed Queensway assumption (Hammond Road to Fifth Line). As this short segment of roadway will not in itself fulfill the criteria and function as a County Road, its assumption is not recom-

mended by the Department. We recommend that the Engineer submit an overall plan to the Minister of Highways showing the entire Queensway and requesting the Minister to designate this road as a main thoroughfare. We also recommend that the Minister be informed that the County will assume portions of this road as construction is required and eventually the entire road will be a County Road.

5. We are in receipt of a petition from property owners on Airport Road between Highway No. 7 and No. 15 Sideroad in the County of Peel requesting a speed limit of 40-45 m.p.h. We recommend that this be referred to the Engineer with instructions to request a report from the Department of Transport.

6. We are in receipt of a letter from the Department of Highways regarding County by-law 1850, deletion of Southdown Road from the County Road System, stating the by-law was unacceptable due to the description and form. We recommend that the Clerk be instructed to prepare the necessary amending by-law for the next session of Council.

7. We are in receipt of an agreement from the Ford Motor Company whereby they dedicate a 17 foot road widening on Dixie Road, but are permitted to use this land for displaying cars. We recommend that this be approved and the Clerk be instructed to prepare the necessary by-law for the next session of Council.

8. We recommend for payment accounts listed on the attached paysheets totalling $252,129.77.

9. The Clerk was instructed to prepare the necessary by-law for the next session of Council to convey a parcel of land from the Corporation to John Alexander and Melissa McMullin, Part of East Half of Lot 13, Concession 6, E.H.S. Township of Caledon.

10. The Clerk was instructed to prepare the necessary by-law for the next session of Council to expropriate part of the East Half of Lot 1, Concession 2, W.H.S. Township of Caledon.

11. We recommend that the engineering firm of Damas & Smith Ltd. and a senior member of the Department of Highways be invited to appear before the Road Committee at the August meeting to discuss the possibility of a County wide transportation study.

Adopted July 20, 1967.

R. W. SPECK, CYRIL CLARK,
Chairman. Warden.

ASSESSMENT COMMISSIONER'S REPORT

To the Warden and Members of Council of the Corporation of the County of Peel.

Pursuant to the provisions of Section 94 (1) (b), R.S.O. 1960, which has been approved by the Minister of Municipal Affairs, as County Assessment Commissioner I submit the following report for equalization for the County of Peel.

The County of Peel Assessment Department have completed the first year under the county assessment system. During the first year all records have been converted to a data processing system. The assessment rolls were returned to the Clerks of each municipality and the attached report is the recommended schedule for equalization of assessment for the County of Peel based on the assessment rolls as revised by the Courts of Revision and including Section 54.

—Schedule A is a summary of assessments and population in each year since 1946.

—Schedule B is a breakdown of the classes of assessment for each municipality.

—Schedule C is the proposed equalization schedule.

The proposed schedule is based on the same procedure as previously used by the County Assessor and in my opinion should continue until a re-valuation of some municipalities is completed, then it may be feasible to equalize on a ratio of sales to assessed value.

The assessors of the county have had in class training and field training in the use of the new manual. Two crews are presently reassessing in Bolton, Caledon East, Toronto Gore, Albion, Caledon and Chinguacousy, and as many municipalities as possible will be returned using present day values. Open sessions will take place for all persons assessed at the return of the roll for those municipalities that are completed in 1967.

The past year has been extremely busy and I must compliment my staff for their extra efforts in accomplishing the conversion of approximately 68,000 properties in the County. I would also like to express my appreciation to the officials of all the respective municipalities for their co-operation during the recent changes.

To County Officials and County Council thank you for your continued support.

All of which is respectfully submitted for your consideration and adoption.

Carl J. Madgett,
County Assessment Commissioner.

1967 SUMMARY OF ASSESSMENTS

The total taxable assessment has increased from $259,738,754 to $283,590,526, an increase of $23,851,772, which is 9.18 per cent higher than in 1966. The population increased from 158,322 to 170,141, or 7.47 per cent.

Grants in lieu of taxes were made by the Federal and Provincial Governments or their agencies to the local municipalities on a valuation of $9,476,660 during the year 1966. This amount was included for the computation to apportion each municipality's share for County rates in 1967.

The percentage increase of assessment in each municipality in order of greater percentage and the amount of increase in dollars is as follows:

Municipality	Percentage Increase over previous year	Dollar Increase over previous year
Twp. of Chinguacousy	13.598	3,748,543
Twp. of Toronto	10.933	15,297,520
Twp. of Caledon	9.585	376,709
Twp. of Albion	6.581	232,072
Town of Brampton	5.465	3,261,754
Village of Caledon East	4.602	20,183
Town of Port Credit	4.137	558,920
Village of Bolton	3.686	77,099
Town of Streetsville	3.644	275,882
Twp. of Toronto Gore	.206*	3,090

* In Toronto Gore the natural increase was reduced by a loss in assessment of $37,085 on transmission pipe lines due to a change in the Assessment Act whereby assessed value is adjusted by the application of a factor provided by the Department. Factor is found by relating the assessed value to actual sales of real property in the municipality.

9.04 Seniority previously accumulated will be lost whenever an employee:

(a) Quits his employment, or retires;

(b) Is discharged and not reinstated;

(c) Is absent from work without an explanation satisfactory to the Corporation;

(d) Is laid off for nine (9) consecutive months;

Where these factors are relatively equal, seniority shall govern. This does not guarantee that the vacancy will be filled from the applications.

9.06 The selection or appointment of employees for supervisory positions, or for any position not subject to this Agreement, is not governed by this Agreement. However, if any employee is or has been transferred or appointed, and later transferred back to a position which is governed by this Ageeemnt, then the Seniority which he has accumulated under this Agreement shall be credited to the employee.

Article 12 — VACATIONS WITH PAY:

12.01 Vacations with pay will be granted in accordance with the following schedule:

12.04 The selection of vacation dates will, where practical, be granted on the basis of seniority. The Corporation shall determine the number of employees who will be on vacation at any one time.

12.05 Vacations shall not be cumulative from year to year and employees shall not omit vacations and draw pay in lieu thereof.

Article 13 — LEAVE OF ABSENCE:

13.01 The Corporation may grant leave of absence to any employee with less than one year's service for legitimate personal reasons. The Corporation shall grant leave of absence to any employee with one year of service or more for legitimate personal reasons provided that such leave does not unduly impair the operating capability of the Manor.

Leave for personal reasons shall be without pay and if in excess of one week then the employee shall not continue to accumulate seniority or sick pay credits during the leave of absence which would have been earned otherwise. Seniority and sick pay credits prior to the leave will not be affected.

13.02 Two (2) employees at one time shall be granted leave of absence by the Corporation to attend Union Conventions to an over-all maximum of twenty (20) days in a calendar year, provided at least two (2) weeks' notice is given and the total leave does not exceed five (5) days per employee per year. Such leave, when granted, will be without pay and without loss of accumulation of seniority and sick leave credits.

13.03 In the event of the death of an employee's wife, husband, father, mother, brother, sister or child, the Corporation shall grant up to three (3) days' leave of absence with pay for the purpose of making arrangements for and attending the funeral. Death of a mother-, father-, sister-, or brother-in-law, or grandparent shall result in the leave of one (1) day for the purpose of attending the funeral. Pay shall be at the employee's regular rate and an employee shall be paid only for that time which he would normally have worked.

13.04 If an employee is required to serve on jury duty, the Corporation will pay the employee his full wages, provided he turns over to the Corporation the amount received for jury duty pay, and further, provided the employee reports for work when not required for jury duty.

13.05 Employees having one year or more of continuous service with the Corporation shall be granted leave of absence without pay for pregnancy. In each case, however, the employee shall be required to commence the leave not later than the end of the sixth month of pregnancy. The duration of a maternity leave shall be up to six months, inclusive of pre-natal and post-natal periods.

Article 14 — LEAVE FOR ILLNESS:

14.01 Sick leave credits shall accumulate at the rate of 1½ days for each and every full month of employment. There shall be no limit to the amount of sick leave credits an employee may accumulate.

NOTE: A full month of employment shall be one where an employee is employed on all working days in the month and is not absent from his duties other than on account of illness, accident recognized by the Workmen's Compensation Board, vacation or other special leave authorized under the personnel policies of the Corporation.

14.02 When an employee is absent due to illness, the days absent shall be deducted from the accumulated sick leave credits. If the sick leave credit of any employee is exhausted during an illness, remuneration shall cease unless continuance of such remuneration is authorized by the Corporation.

14.03 The Corporation reserves the right to ascertain the validity of claims made under this leave for illness plan. Employees may be required to substantiate any absence for illness claim by the submission of the attending Physician's certificate of illness. Sickness or absence from employment due to pregnancy shall not be covered by this Sick Leave Plan.

14.04 Absence due to an accident which is payable under the Workmen's Compensation Act shall not be deducted from accumulated sick leave credits, nor shall any sick leave pay be paid where an employee received benefits from the Workmen's Compensation Board.

14.05 Sick leave credits due to an employee shall be payable only at retirement at the normal retirement age, or

(a) When an employee with twenty (20) years or more of full service voluntarily terminates employment, or

(b) In the event of death of the employee prior to retirement, to the beneficiary.

14.06 The cash surrender value in these circumstances shall be that amount of wages or salary equal to one-half (½) the number of sick leave credits accumulated. In any event, this cash surrender value shall not exceed one-half (½) year's earnings at the rate received by the employee immediately prior to qualifying for a cash surrender value.

14.07 Subsequent to May 31st of each year, employees will receive a memorandum from Payroll stating the number of days of accumulated sick leave credit.

Article 15 — HOURS OF WORK AND OVER-TIME:

15.01 The regular work week shall consist of forty (40) hours, but may be averaged over a two-weeks' period so that employees shall work ten (10) days and eighty (80) hours in the two-weeks' period.

15.02 The regular work week above does not represent a guarantee of work and employees may work less than forty (40) hours per week, or less than eighty (80) hours in a two-week period. They will be paid a prorated weekly wage based upon hours actually worked.

15.03 The days of work for an employee, the starting and quitting times each day and the time and duration of lunch and rest periods will be determined by the Corporation in accordance with its requirements. Shift schedules will be posted on the bulletin boards at lease two (2) weeks in advance. Employees will be notified as far in advance as practical of any change in their schedules.

15.04 Rest periods of ten (10) minutes' duration will be provided for an employee for each half shift worked.

15.05 Should employees be requested to work over-time, or to work in emergencies, they shall do so.

15.06 Over-time at the rate of one and one-half (1½) times an employee's equivalent hourly rate will be paid for all time worked in excess of eighty (80) hours in a two-weeks' period.

15.07 No employee shall be required to lay off in regular hours for the purpose of off-setting or circumventing the application of over-time rates of pay.

15.08 Every employee who is called out and required to work in an emergency outside his regular working hours shall be paid for a minimum of three (3) hours at regular rates.

Meeting of Board of Health Chairman and Medical Officers of Health Niagara Falls, October 17th, 1967

At this annual meeting of the Minister of Health with his Local Health Officers, Chairmen of the Boards of Health were invited to participate in the review of new mandatory programs for which the Public Health Act 1967 provides. Copies of the programs in various stages of completion were provided. A program is attached.

Dr. Charron, deputy minister of Health for Ontario introduced the topics for discussion by indicating that the regionalization of Health Care in Ontario was completed as per the attached map; and specifically stated that such regionalization was independent of the Smith report implications or other regionalization plans at this time. He further stated that the new programs applied to all areas whether in an amalgamated "district unit" or not. It was revealed that the necessary regulations were in Treasury Board and did reflect the needed legislative support.

Dr. Martin added that bylaws must be received as soon as possible if payment is to begin January 1st, because of the schedules which had to be prepared and appended to the Order in Council.

As all programs are not in final form and none of the regulations have been received to date, no planning is possible toward implementation at this moment.

Diver, Chairman, Christmas Bureau, Social Planning Council of Peel County, pointing out the services available through The Social Planning Council and asking for further co-operation from Public Health Nurses with respect to referrals regarding families on marginal incomes. The Medical Officer reported that to the best of his knowledge no problem exists in this connection.

> The following resolution was passed by your Board:

> "That a full letter of explanation and correction of the details surrounding the recent accident at Central Peel Secondary School be sent to the Central Peel District High School Board immediately. Furthermore, a copy of this letter be sent to The Daily Times and Conservator with a request that equal publicity be given to the Board of Health explanation."

PERSONNEL POLICIES

The aim of this pamphlet is to provide all employees of the Corporation of the County of Peel with detailed information regarding the terms and conditions of their employment. The employer for all County Departments is the County of Peel.

It will be found to be in the best interest of the employee to become thoroughly familiar with the contents by devoting some study to the text.

After a study of the text, any doubtful terms or conditions should be referred to the Supervisor to which the employee has been posted. If the questioned matter cannot be resolved within the Department, arrangments will be made for the employee to present the problem to Payroll.

Employees who are under a collective agreement do not fall under the provisions of these personnel policies.

Every employee of the Corporation is required to serve a probationary period prior to confirmation of appointment. The probationary period varies according to established procedures in the several departments.

Employee Classification

All employees of the Corporation are classified as follows:

(a) Permanent Full Time
(b) Permanent Part Time
(c) Temporary
(d) Casual

These classifications are for payroll and fringe benefit purposes only and have no bearing on terms of employment within individual departments.

The Corporation will not accept legal assignments against employees' wages.

Garnishees reflect the inability of an employee to properly manage financial affairs. While they are handled on an individual basis, garnishees may result in the suspension or discharge of an employee.

To the Warden and Members of the Council of the County of Peel.
Gentlemen:

I beg to submit herewith the detailed statement of money expended in accordance with the Regulations of the Department of Highways of Ontario on the Peel County Road System during the period January 1, 1967 to December 31, 1967.

The tabulated statements, declarations, etc., required by the Department of Highways in submitting the petition for the subsidy have also been prepared and submitted.

The 1967 tax levy raised $845,125.00 for roads and $372,892.00 for payments of debentures. In addition $360,000.00 in debentures were authorized for normal road construction and $400,000.00 in debentures per year for the next three years were authorized for the construction of two railway grade separations.

1967 saw the completion of the first year of the five year plan for County Roads which was adopted by the 1967 Council.
